9th Annual GEICC Golf Tournament

GEORGIA ENERGY AND INDUSTRIAL CONSTRUCTION CONSORTIUM

Monday, May 6, 2019 | The Georgia Club

This tournament supports education and workforce development initiatives for the Georgia energy industry. These initiatives include building a skilled technical workforce pipeline with secondary and post-secondary schools and actively engaging business leaders, educators and government officials from around the state to develop an unprecedented coalition. This year's proceeds will provide scholarships for students pursuing post-secondary education, assist energy pathway teachers with continuing education opportunities and support GEICC branding and outreach initiatives.

GEICC was formed in 2007 to engage electric, nuclear, natural gas utilities and energy industry construction in strategic, unified, and results-oriented efforts to ensure a skilled workforce to meet future industry needs. The consortium is incorporated as a 501(c)(6) non-profit organization. GEICC member representatives include: investor-owned, municipal, electric cooperatives, contractors to Georgia's energy industry, energy and contractor associations, state workforce development, education, and organized labor.
